FILM SESSION

See what's really going on in your game.

\$60

PER SESSION

Your game is hiding things from you.

Send a match or practice set. Andrew watches the tape, slows it down, and shows you the patterns you cannot feel while the point is happening.

WHAT WE LOOK AT

FOOTWORK	Set before the ball — or still arriving?
PADDLE FACE	Why that dink dies in the net or floats long.
KITCHEN HABITS	The soft-game tells opponents already see.
SHOT SELECTION	The ball you keep missing — and why.
PATTERNS	The same mistake, three different points.

HOW IT WORKS

1. Film a match or practice set on your phone.
2. Send it to dinkmasterspb@gmail.com
3. Get a clear breakdown of what's going on in your game.
